REGISTRATION

AGE RESTRICTION

Players cannot participate in the event under the age of 18 without event waivers co-signed by a parent or legal guardian containing emergency contact information. Minimum age requirement is 14.

REGISTRATION FEE FORFEITURE

Participants will forfeit their fees if they are ejected from the event for poor conduct, breaking rules or actions deemed inappropriate by event staff or if you decide to leave for any reason once the event has started.

REFUNDS

In the event a game is called off while in progress beyond our control due to weather / safety concerns, etc, NO REFUNDS WILL BE PROVIDED OR DISCOUNTS

WAIVERS

Every participant will be required to sign event waivers during registration. These are usually a double sided colored paper. If you are a minor, you will be required to have waivers with emergency contact information filled out and signed by your parent or legal guardian.

REGISTRATION / CHRONO PROCESS

Step 1 - You will turn in your waivers in at the registration table

Step 2 – You will then be asked to show proof of required items and a bio ammo check. You will be handed a ticket with indications of items you will need to purchase from the host to be in compliance

Step 3 – You will then pay your fees and purchase any necessary items and optional ones as well. You will be given a wrist band to put on.

Step 4 - You will then proceed to the chronograph station [When available] and will only gain access to that area upon proof of wristband.

YOUR MUST WEAR SAFETY GLASSES AT CHRONOGRAPH STATION

Step 5 - You will show the admin your wrist band as proof of paid entrance. You will then chronograph your replica. Any prior zip ties will be removed before we place ours onto your replica. We will then put one colored zip tie on to show you passed the MAIN chronograph process. We do reserve the right to have random inspections throughout the event.

EVENT MARKETPLACE

Located next to the registration table is an area where food consumables and airsoft related items are available for purchase. This is also where you will pick up any PRE-PAID / RSVP'd items. Cash is the only acceptable form of payment unless another form is being offered. Event Marketplace items will only be available before gameplay and during break times.

EVENT RULES

FIREARMS

Real firearms are not allowed an "Public Appearance" while at airsoft events. Make sure to securely stow away any firearms inside your vehicle when you arrive on-site and keep it there until after the event and you have left the property.

ALCOHOL & DRUGS

Our events are drug free regardless of any state or federal laws permitting so. There are no exceptions to this rule. Alcohol is permitted for those that can drink responsibly & ages 21+

BLIND MAN

This is called whenever a non-player or player is in the battlefield without eye protection on. All players are expected to echo blind man so that everyone on the field hears it, and upon hearing it, each player is expected to sit down and wait until "Game On" is called to continue the game.

EYE PROTECTION

Eye protection needs to meet ANSI Z87.1-1989 standards and must fully cover your eye sockets from all angles of impact. Steel mesh eye protection is allowed as well but not recommended.

FACE PROTECTION

Metal Lower Mesh Masks are required. Cloth based products are NOT ALLOWED

REAL WORLD MEDICAL

Any real-world medical emergencies should be reported immediately to ADMINS through the participant chain of command or the ADMIN channel. "Cease-Fire" should be called out. All event activities stop and participants should respond to the situation accordingly. "Event On" will only be called by EVENT STAFF MEMBERS when play can resume.

FIGHTING & DISPUTES

There is a zero tolerance policy towards acts or threats of violence towards any person. If needed, local authorities will be called. If you have a dispute, please refer to an admin and allow them to take care of the issue. Do not handle it yourself.

FIRING YOUR REPLICA

Firing your replica in a manner which you are NOT visually seeing where you are shooting at is considered "blind firing" and will not be tolerated. Do not fire your replicas from or into or through regen areas (or designated "safe-zones"). If you must test fire your replica, take it to the appropriate areas designated to do so.

REPLICA HANDLING

When replicas are outside a play area they must have magazine out, safety on and *muzzle cap fixed (*if available). Side arm's must be holstered and on safe.

SCHEDULE

We will be adhering to the schedules posted on event web page the best we can. We will not babysit you or wait for you. Please respect your fellow players and be on time.

TRASH

You pack out of all areas, what you packed in.

QUIET TIME

During this time, we need to bring the noise down to a reasonable level to accommodate those that are trying to sleep or relax.

SPEED LIMIT

Posted limit is 5 MPH

DRONES

Aerial drones are allowed. However, event host and property owner are not responsible for any damage that may occur.

BIO AMMO REQUIREMENT

Sniperzden is a BIO Ammo only facility and because of their strict policy enforcing this, all players must now purchase their ammo from the Event Host on-site or show proof of their bio ammo when checking in.

VELOCITY LIMITS

-Any replica that shoots over the FPS limits posted will be subject to a 3 shot average. If the average is over the FPS limit, that replica will not be allowed.

We chronograph using a **.25g bb weight for SPRING** powered replicas.

We chronograph using a **.32g bb weight for CO2 / GAS / HPA** powered replicas.

UNIFORMS

Tactical gear on a player's body is the only exception to the rule, as it's not required to match

DEATH RAG

Each player is required to provide a "death rag" that acts as an easily identifiable measure to ensure you are not engaged while moving back to the dead pool, or while bleeding out. Some events we will provide you with one, otherwise they can be purchased at the registration table.

HEAL RAG

Each player is required to have a "Heal Rag". These allow you to respawn in the field with assistance from another teammate (wrap around your upper arm & tied off). GAMEPLAY MECHANICS

STARTING POSITIONS

All teams will start in their respective areas designated by Command or Event Host.

OBJECTIVES

These will be posted before an event or passed down from your chain of command during the course of game play.

HIT CALLING

Airsoft is a sport of honor and integrity. Always call your own hits, do not call other players hits. "When in doubt, call yourself out". Any player struck by a BB while in game (including Friendly Fire) is considered hit.

GUN HITS & RICOCHETS - DO NOT COUNT.

A. You may never self-heal.

B. An individual's Heal Rag is considered that player's property and cannot be shared among teammates.

C. ONE heal rag allowed per person

D. Wounded / Dead players do not talk.

E. Acting out deaths is purely optional, however it's more identifiable that you have been shot when you do.

1st HIT (Buddy Heal)

When you are shot (1st time), you will raise and place a Red Death Rag on top of your head to symbolize you are shot and out of play, you **MUST** wait 5 minutes for a bleed out while yelling for a "TEAMMATE" to buddy heal you via your personal heal rag, if you are not revived within the 5 minutes, you will then walk back to your team base or a mobile regen area under your control and regen according to the clock. **TAKE OFF THE HEAL RAG / DEATH RAG BEFORE GOING BACK IN. Bleed outs are mandatory**

2nd HIT (Medic Heal)

When you are shot (2nd time w/ Heal Rag On) in the field, you will raise and place a Red Death Rag on top of your head to symbolize you are shot and out of play, you **MUST** wait 5 minutes for a bleed out while yelling for a "TEAM MEDIC". Medic will remove buddy heal rag & death rag. Once completed, you are considered back in play and healed. This process can repeat itself an unlimited amount of times as long as you have not bled out before the heal rag has been removed. **Bleed outs are mandatory**

DOUBLE TAP

Anytime, a player can safely reach an opposing player bleeding out, they can say the words "Double Tap" to the player. This will immediately send the bleeding player to their Mobile CCP or Team Base **WITHOUT** the option of being healed via a Heal Rag / Medic.

MOBILE CASUALTY COLLECTION POINT [CCP]

8' tall plastic pole with a medic symbol on the flag of the color of faction it belongs to. This area is where dead players go to regen after they have bled out or been healed and then bled out. Only LIVE MEDICS can **MOVE** their Mobile CCP under their commanders direction.

Only LIVE MEDICS can **DISABLE** a Mobile CCP. This is done by placing the pole on the ground on its side.

Only LIVE MEDICS can **ENABLE** a disabled Mobile CCP. This is done by placing the pole upright on its base

REGENERATION

This is the term used when players are allowed back into the game from a timed release via clock from Mobile CCP's or their Team Base [Fall back area]. This occurs every 10 minutes.

Example (Clock): You're shot at 12:03pm and begin the bleed out process and/or Double Tapped.

You then arrive at your Mobile CCP or Base at 12:12. You can regen at 12:20pm

Each faction will also have Mobile CCP under their control. It is approximately an 8' tall plastic pole with a Medic symbol on the flag of the color of faction it belongs to. This is the area where dead players go to regen after they have bled out or been healed and then bled out

SAFETY KILLS

When you are too close in range to be comfortable taking a shot per "Safety Kill Engagement Distances", you can call out "BANG BANG" on a player in your sights. Do not call it unless the kill is already a given. Always honor safety kills when they are called on you just like honoring a "HIT". You must be able to point your replica and call "BANG BANG" on every person if there is more than one as to simulate actually firing. **EVERYONE WILL HONOR SAFETY KILLS!**

PARLAY

When combat becomes too close for a reasonably safe engagement, either player may request for a parlay. If both players accept the request, each will reset back a safe distance of 50 feet and resume the engagement.

PLAYER SEARCHES

Bleeding out players may be searched. To initiate a search, the opposing player puts his hand on the shoulder of the player and will say "I am searching you". At that moment, the bleeding out player must relinquish any items they have in their possession at the time of the search (intel, kill coins, bagged ammo etc...) Players in possession of more than one item listed, only has to relinquish one per search/per bleed out. Players cannot be searched after they have bled out and moving back to regen area.
